CAMEL SNUS Product Basics

Snus is the Swedish word for snuff. It has been used by adult tobacco consumers in Sweden for over 200 years, and today it outsells cigarettes. CAMEL SNUS is finely ground tobacco that is placed in the upper lip of the mouth.

- The primary ingredients are tobacco, water, salt and flavorings
- All Snus from Sweden is pasteurized - which is a heat sterilization process
- CAMEL SNUS is sold in a tin that contains 15 (.4g) gram pouches
- CAMEL SNUS is refrigerated at the point of purchase, just like it is in Sweden

Why Camel SNUS?

- U.S. cigarette industry volume declining 2% - 4% annually due to:
 - Increased Taxes
 - Current Regulations & Restrictions
- Traditional moist snuff is growing 5% - 7% annually-interest in smoke-free tobacco is on the rise.
- Adult smokers want other ways to enjoy tobacco for various reasons:
 - Health concerns
 - Social acceptability
 - Smoking restrictions
 - Spitting (not required)

Who is buying it?

- Camel SNUS is proven to have a broad appeal to both adult smokers and adult moist snuff users.

What does this mean for your business?

- With cigarette sales on the decline, migration of smokers to Camel SNUS today will boost your tobacco revenues for tomorrow.
- Proactive involvement and education with your customers will drive sales for you.
